

## IMPRS-HD evaluation - program

**Date:** July 16/17, 2009

**Location:** Max Planck Institute for Astronomy / Landessternwarte Königstuhl

Time	Venue	Topic / event	Speaker / attendance
<b>July 16</b>			
18:00 - 21:00		Social BBQ at the Landessternwarte	
<b>July 17</b>			
	<b>Morning session in HS 301 @ MPIA</b>		<b>attendance : ALL</b>
09:00-09:20	HS	Goals of IMPRS-HD	Hans-Walter <b>Rix</b> , Stefan <b>Wagner</b> (IMPRS spokespersons)
09:20-09:50	HS	IMPRS-HD – status & facts	Christian <b>Fendt</b> (IMPRS coordinator)
09:50-10:10	HS	Molecular cooling in numerical simulations of protostellar jets	Jamie <b>O'Sullivan</b> (LSW)
10:10-10:30	HS	Evolution of dwarf galaxies in the Centaurus A group	Denija <b>Crnojevic</b> (ARI)
10:30-10:50		<b>Coffee break</b>	
10:50-11:10	HS	The pulsar wind nebula population as seen by HESS	<b>Christoph Deil</b> (MPIK)
11:10-11:30	HS	Ionization feedback in massive star formation	Thomas <b>Peters</b> (ITA)
11:30-11:50	HS	Determining the mean rate of secular evolution in spiral galaxies	Kelly <b>Foyle</b> (MPIA)
11:50-12:20	BZ	Closed session / discussion	Speakers / Coordinator / Referees
12:30-13:30		<b>Lunch break</b>	
13:30-15:00	SR	Poster session / coffee	Students / Referees
15:00-16:00	HS	Closed session / discussion	Students / Referees
16:00-16:45	HS	Closed session / discussion	Supervisors / Referees
16:45-17:30	BZ	Closed session	Referees

**Location:** HS: lecture hall 301; SR: seminar room 306; BZ: seminar room 336

as of July 15, 2009
